

To whom this may concern,

My name is Daniel Waldman, I own the property located at 45 West First Street, The Plains Ohio.

I have a roofing business located at this location and rental properties. I am requesting for additional parking for my employees. I do not have any place to park except on the street which will cause congestion for the neighborhood. The lack of parking has created a hardship for my business. I would like you to approve additional parking for me. The drawing of the additional space requested has been sent.

Thanks ,

Daniel Waldman
